

2025 ANNUAL REPORT

Changing Lives One Stride at a Time

A Message from the CEO

Dear Friends, Partners, and the HETRA Community,

Reflecting on 2025 fills me with profound gratitude for the incredible community that anchors Heartland Equine Therapeutic Riding Academy. As we celebrate more than 37 years of service, our mission remains beautifully unchanged: ensuring that the life-changing bond between horse and human is accessible to the children and families in our community who need it most.

At HETRA, we believe every participant deserves a path to independence, regardless of the challenges they face. Whether it is a non-verbal child speaking their first words to a horse or a student with autism finding the emotional regulation needed to thrive in school, these “miracle moments” are the heartbeat of our mission. While these breakthroughs feel miraculous to the families experiencing them, they are supported by evidence-based research showing that Equine-Assisted Services can significantly improve social-emotional regulation and spontaneous communication in children with Autism Spectrum Disorder (ASD). The horse’s rhythmic movement mimics the human gait, helping strengthen the nervous system, improve motor planning, and build skills that carry into everyday life.

The need for these specialized services has never been greater, and 2025 was a year of historic growth. HETRA delivered 8,977 programming hours to 3,171 unique participants, representing a 29% increase in service hours and a remarkable 65% increase in participants from 2024. While these numbers are significant, their true meaning is reflected in the progress, confidence, and independence gained by those we serve.

This impact would not be possible without the two pillars that sustain our barn, our horses and volunteers. Together, our therapy herd and more than 400 dedicated volunteers, who filled 343 weekly shifts in 2025, helped ensure safe, and effective experiences for everyone served.

As demand continues to grow, accessibility remains our uncompromising priority. Thanks to the generosity of our supporters, we provided 48% more scholarship assistance in 2025, ensuring families could access services regardless of financial circumstances.

HETRA’s commitment to excellence is only possible because of the community behind our mission. Your support helps care for our horses, empower our volunteers, provide scholarships, and ensure life-changing services remain accessible to those who need them most.

With deepest gratitude,
Edye Godden

Mission, Vision & Values

Our **MISSION** is to improve the quality of life both physically and emotionally of adults and children of all ability levels through equine-assisted activities.

We **ENVISION** a world where equine-assisted services are accessible to all who can benefit.

Our work is guided by these **VALUES**:

- Safety & Support – Creating a welcoming, secure space for participants, volunteers, and horses.
- Affordability – Keeping sessions accessible through financial assistance and fair pricing.
- Well-Being – Promoting physical and emotional health for everyone involved.
- Integrity – Holding ourselves to the highest ethical standards.
- Excellence – Ensuring quality through top-tier training and care.
- Innovation & Growth – Advancing the field through continuous learning and leadership.

Volunteers

The HEART of HETRA

VOLUNTEER OPPORTUNITIES

FOR INDIVIDUALS:

Barn Maintenance, Greeter, Groomer/Tacker, Horse Leader, Instructor Assistant, Side Walker

FOR GROUPS:

Corporate Teams, Community Organizations, and School Groups help with property maintenance for over 20 acres and 30 horses.

VALUE OF
HOURS
\$987,236

\$36.14/HR.

"I've been a volunteer for HETRA for almost 15 years. At first it was because of my passion for horses, but it has grown to be so much more! The individuals who come for therapy are such a joy to be around. I get attached to them and am amazed at their ability to make advancements!" - Eddie L.

HETRA Success Story

Maeleigh's Story of Strength

At just ten years old, Maeleigh has faced more than most will in a lifetime, yet her determination and smile never fade.

Born premature, she suffered a brain bleed as an infant that required surgery. Despite the odds, she grew into a strong, energetic little girl, running on the soccer field, riding her bike, and laughing with friends.

In October 2023, everything shifted.

IT ONLY TOOK A MOMENT TO ALTER MAELEIGH'S WORLD

A routine surgery led to complications that **left Maeleigh unable to walk, talk, or even hold her head up.** In an instant, she lost the abilities that had once come so naturally.

Madonna Rehabilitation recommended HETRA to her parents, and they knew it was a sign. "We had already looked into horse therapy. We understood the benefits, and HETRA came highly recommended," Maeleigh's mom said.

FINDING STRENGTH

When Maeleigh first arrived at the barn, she wasn't strong enough to sit on a horse. **Her journey began on the Equicizer**, a mechanical horse, that helped her start rebuilding her strength and balance. **Week by week, we watched her grow a little stronger, a little braver, and a little more confident.**

MEETING HER NEW THERAPIST

Then came the day she met **Georgie**, a **kind, patient therapy horse** with big, understanding eyes and an even bigger heart. Georgie became one of Maeleigh's therapists, probably one of her favorites! Together, they've created something truly special, **a bond built on trust, love, and the quiet magic that happens when horse and human connect.**

Our Impact

351,000

ADULTS IN NE
ACTIVELY EXPERIENCE
A MENTAL HEALTH
CONDITION.

WHY HETRA IS ESSENTIAL

In 2024, HETRA **served 1,918 individuals**, an increase from 1,752 in 2023. Participants ranged from ages 2 to 100 and represented a variety of diagnoses. Supported by **488 volunteers** who **gave over 25,000 hours**, our core programs helped people reach life-changing milestones: standing without assistance, walking independently, and speaking for the first time. These victories ripple through families, caregivers, and the community, fostering confidence, independence, and connection.

RECOGNIZING THE NEED

In Nebraska, **20%** of adults live with a disability, and **24.43%** of individuals experience a mental health challenge. Sarpy County, where HETRA operates, has **fewer than 1.5 mental health providers per 1,000** residents, and most Nebraska counties face a shortage. For those with disabilities, stigma, limited services, and provider shortages make care less accessible.

Strategic Plan

LOOKING AHEAD: HETRA'S STRATEGIC VISION FOR 2025-2030

As we continue to grow and evolve, HETRA remains deeply committed to meeting the expanding needs of our community through transformative equine-assisted services. Our strategic plan for 2025-2030 outlines a bold and thoughtful roadmap focused on four key pillars: **1. Programming**, **2. Financial Sustainability**, **3. Workforce Development**, and **4. Program & Facility Expansion**.

1

PROGRAMMING OBJECTIVE:

Expand program offerings to support community needs and maintain core programming.

2

FINANCIAL OBJECTIVE:

Grow the financial health and stability of the organization.

3

WORKFORCE OBJECTIVE:

Attract, retain, and develop a skilled workforce to support efficient, consistent, and mission-driven daily operations.

4

EXPANSION OBJECTIVE:

Increase Facility and Program Resources to meet growing community needs.

You Make Us Stronger!

Behind every number is a story—a child finding their voice, a veteran rebuilding trust, a caregiver finding hope. This is possible with the generosity of people like you.

Together, we can keep breaking barriers, building confidence, and creating opportunities through the power of horses.
