

HETRA

2019

*Annual Report*

"Life is not a path of coincidence, happenstance, and luck, but rather an unexplainable, meticulously charted, course for one to touch the life of others and make a difference in the world." - Author unknown

## Letter From HETRA's CEO

Did you touch someone's life this year? Did you make a difference in the world? If you're reading this, then you are a part of the HETRA team. So the answer to that question is a resounding YES!

The work that happens at HETRA touches lives and makes a difference in the world 365 days a year.

- From the life of the Veteran that came to HETRA first as an alternative activity, but then learned techniques through their interactions with the horses that carried over and led to greater success in their home and work life.
- From the life of an inner city at risk teen who when they first came to HETRA was terrified to even get near a horse. That has now found their voice, their confidence and their leadership skills and is able to lead that horse through a complicated obstacle course.
- From the life of the 22 year old with a developmental disability that no longer qualifies for school based services that has found HETRA's life skills program and whose family is so grateful to have an unique and innovative way for their family member continue to learn and gain valuable skills that can carry over to employment.
- From the life of the volunteer that was unmotivated to lose 20 pounds at the gym but found it easy to lose that weight covering a 2 hour volunteer shift and walking next to our participants in the arena each week.
- From the life of the staff such as myself who has found the meaning and purpose to my life.

When given the opportunity most of us choose to touch the life of others and make a difference in the world. I want to send my most sincere appreciation to our Board of Directors, Staff, Volunteers, Horses, Participants and their Families and the Community that support us. Together we touch each other's lives and together we make a difference in the world. Thank you!

*Edye Godden*
