## Straight from the horse's mouth

... testimonials from our  
**HETRA families:**

"This therapy took Drew from not being able to stand up or walk on his own to doing that and now running in a matter of months. The therapy Drew receives from HETRA is priceless and will always be close to our hearts."

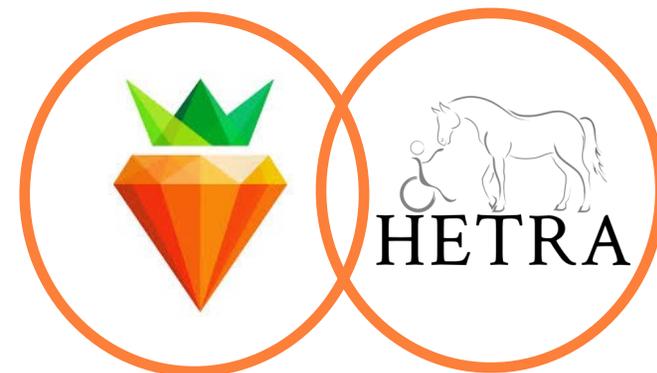

"Because of HETRA, Jack stretches and doesn't even realize it. He is building confidence that shines through more and more every day. As a result of his first four months at HETRA, Jack has gone from taking 3 wobbly steps to taking up to 20 all by himself!"

# Karat Club Membership

**We make the extraordinary  
 happen, everyday!**

Imagine the difference receiving  
 therapy outdoors, with fresh air,  
 under blue skies... all while sitting on  
 a 1,300 lb horse!

A **Karat/Carat** is defined as “a unit of measure for the fineness of gold” and “a unit of weight for diamonds”.

A **Carrot** is also defined as “a healthy treat” for our HETRA Therapy Horses.

## Any way you define it... HETRA invites you to join the “Karat Club”

### Our Story:

Since 1989, HETRA's mission has been to improve the quality of life, both physically and emotionally of adults and children with disabilities through equine assisted activities. We see over 135 participants each week with a variety of disabilities such as cerebral palsy, autism, muscular dystrophy, down syndrome, developmental delays, traumatic brain injuries, spinal cord injuries, and post traumatic stress disorders. **30 minutes . . . once a week** helps improve the quality of life of an individual with a disability, one ride at a time.

### Their Story:

For a physically challenged individual, many hours are spent indoors in clinical, medical settings each week working on motor control, balance and strength. Imagine the difference in being able to receive therapy outdoors, with fresh air, under blue skies, all while sitting on a 1,300 pound horse!

**Every time a student mounts a horse**, they are receiving benefits such as improved core strength, balance, coordination, cognitive development and self — esteem. Often times over a relatively short period of time, the results can have a **profound impact** on their quality of life.

### Your Story:

By joining the Karat Club, **you are helping to build a sustaining membership of individuals** willing and able to support the **HETRA Student Sponsorship Program**.

For a family with a child or adult with a disability, the cost of cumulative, clinical setting therapies plus equine assisted activities adds up quickly and can often be cost prohibitive.

HETRA works diligently to ensure our program is affordable for all students and families, regardless of their financial situation or ability to pay.

***We hope you consider being a part of the HETRA Story.***

**Our participants  
and families  
thank you for  
your support!**
